

Stony Brook University

## Biomedical Informatics Grand Rounds

**Rebecca Dahl, PhD, CIP; Assistant Vice President for Research Compliance, Stony Brook University**

### Overview of the Changes to the Common Rule for Human Subjects Research

**Wednesday, April 24th, 2019 3pm—4pm**

**BMI Conference Room HSC-L3 Room 045**

**Abstract:**

The “Common Rule” is a set of federal policies that regulate research involving human subjects. In recent years, changes have been made to the Common Rule and some revisions have already taken effect. This talk will highlight the “Common Rule” changes and discuss how they affect human subject research.

**Bio:**

Dr. Rebecca W. Dahl is the Assistant Vice President for Research Compliance office at Stony Brook University. She was the Director of the Human Subjects Protection Program at the Children’s Hospital Los Angeles and at the University of Arizona in Tucson. She was also a professor in the College of Public Health and an assistant professor on the adjunct faculty in the College of Nursing at the University of Arizona in Tucson.

**\*\*CME Credit Available\*\***

**Continuing Medical Education Credits:** The School of Medicine, State University of New York at Stony Brook, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The School of Medicine, State University of New York at Stony Brook designates this live activity for a maximum of 1.00 AMA PRA Category 1 Credit(s)<sup>™</sup>. Physicians should only claim the credit commensurate with the extent of their participation in the activity.

**Disclosure Policy:** All those in control of CME content are expected to disclose any relevant financial relationship with a commercial interest (defined as any entity producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients) that relates to the content that will be discussed in the educational presentation. All commercial relationships that create a conflict with the planners, speakers, authors’ control of content must be resolved before the educational activity occurs.
