Bio: Rebecca Dahl received her masters degree from the University of Arizona and her doctorate from the University of Washington. She has been a member of several Institutional Review Boards and was director of the IRB office at the University of Arizona for eight years and at Children's Hospital Los Angeles (CHLA) for nine years. She has a special interest in educating people about regulations and the ethics of research with humans.

Abstract: This presentation will provide guidance for determining when Quality Improvement (QI) projects are considered human subject research and require Institutional Review Board (IRB) review.

Educational Objects: Upon completion, participants should be able to:

- Determine whether QI projects require IRB review.
- Define Quality Improvement.
- Differentiate between Quality Improvement and Research.

Disclosure Statement: In compliance with the ACCME Standards for Commercial Support, everyone who is in a position to control the content of an educational activity provided by the School of Medicine is expected to disclose to the audience any relevant financial relationships with any commercial interest that relates to the content of his/her presentation.

The faculty: *Rebecca W. Dahl, Ph.D.*, the planners; and the CME provider have no relevant financial relationship with a commercial interest (defined as any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients), that relates to the content that will be discussed in the educational activity.

Continuing Medical Education Credits: The School of Medicine, State University of New York at Stony Brook, is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The School of Medicine, State University of New York at Stony Brook designates this live activity for a maximum of **1 AMA PRA Category 1 Credits™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.
